STONZ.INC  
NATURAL STONE SOLUTION

#### ABOUT US

Stonz.Inc was established in 2010 to cater to the ever growing construction industry, specializing in the range of Natural Stones and reaching out to domestic and International market. Having started the journey as certifiers and markers for reputed international orders, today we are an end-to-end service provider in Natural Stones. Stonz. Inc is a one stop shop for all Natural stone requirements We also import, process, and supply, Marbles, Granites, Semi Precious Stones etc from more than 12 different countries and stock over 100 different colours at our various source stock yards. We have built a strong relationship with stone quarries and suppliers within the country over the years ensuring the quality of our slabs, tiles and all things stone with a stock of over 5,000 m<sup>2</sup> in our various stockyards. This stock is carried primarily to serve the domestic and small commercial contracting market. Larger commercial and premium projects generally involve the importation of unprocessed or semiprocessed stone for finishing and installation by our co-coordinating team of on-site installers.

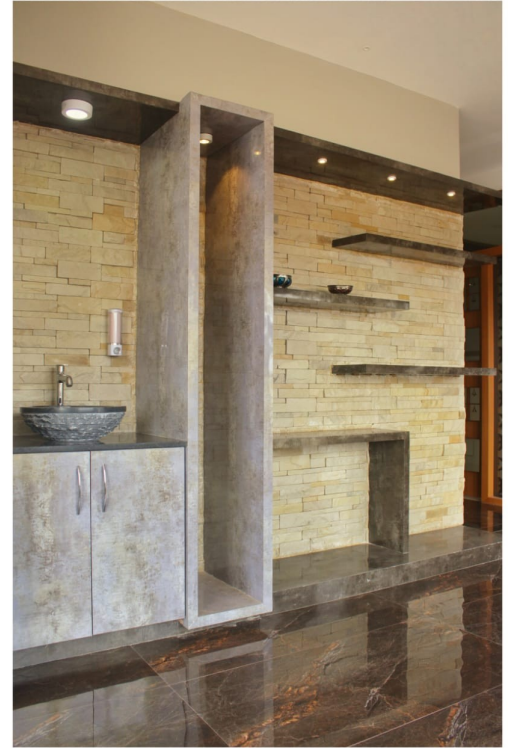

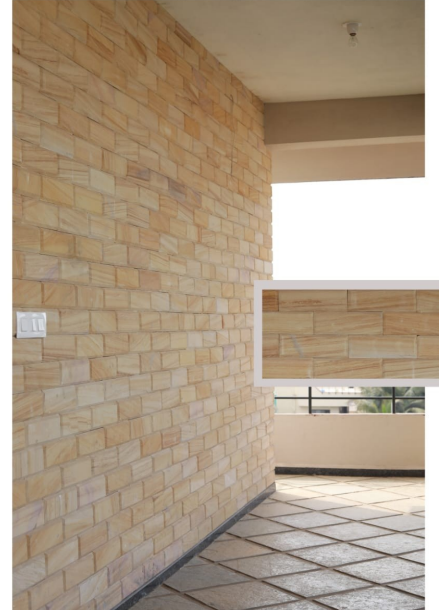

Our factory employs staff which is professionally trained in utilizing the latest techniques of stone cutting, processing and polishing equipment to customize stones for unique and desired specification through modern machines such as CNC bridge saws, high speed automatic edge profiling and polishing machine and a state-of-the-art CNC machine for profiling and manufacturing of special detailed items.

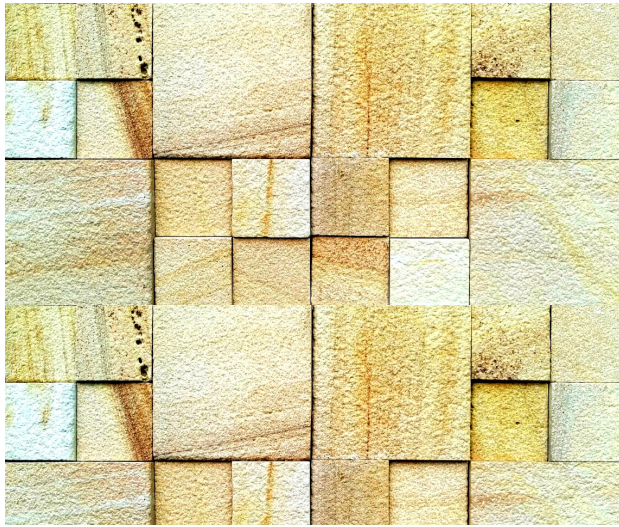

We take pride in the quality of the products and passion for our work that has through the years labelled us as prominent stone suppliers.
